

### GENEALOGY SECTION

In this genealogy section some family records are more complete than others and there are more pictures of some families. This is due entirely to the availability of both the information and the pictures.

In this section, m. means married. (D) means died very young.

In some cases the first persons listed in a family were not in Medway. They are in for the record only. The history in the previous section tells when the various families arrived in Nicatou of Medway.

Our numbering system is explained below:

- |                   |                            |
